2. It is also possible that we may, from time to time, find it necessary to operate additional facilities of this type and I believe that unless security or operational necessity make special arrangements for a particular [] necessary we should have a uniform, standard operating procedure for these installations.

3. It is requested that you undertake a staff study on this subject with a view to producing a proposed standard operating procedure which would be applicable to all such facilities operated by the Agency. In this connection, please coordinate with the Comptroller on a staff study pertaining to per diem which is to be prepared by him. A copy of my memorandum to the Comptroller on this subject is attached.
